

CHECK – O U T

Date Checked Out: __/__/____ By Library Staff

For Patron: _____

By signing this form, I acknowledge that I am receiving approximately \$200 worth of library items for 4 weeks. I have read the Content List and inventoried it with Staff*. I agree to return the complete KIT to the Circulation Desk during open hours by the Date Due noted below. I agree to allow 10-15 minutes when returning KIT to check-in and inventory all items with Staff at the desk.

This KIT is a combination of 2 LEGO Sets, SPIKE Essentials & CARGO CONNECT.

The CARGO CONNECT Set was created for use during the 2021-2022 FIRST LEGO League Explore season. It includes parts which match the 2 instruction booklets for the building of the Explore Truck and the Sorting Factory, along with a variety of other parts. It also includes a CARGO CONNECT activity mat.

The SPIKE Essentials Set contains electronic components which can be used in conjunction with the CARGO CONNECT Set in creating a motorized attachment for the Sorting Factory.

Trays are provided (see below) to contain the SPIKE Essentials blocks. The electronic components are contained in a Ziploc bag, and the 6 white base pieces that go with this set are included with the CARGO CONNECT pieces, which are loose in the box, beneath the trays.

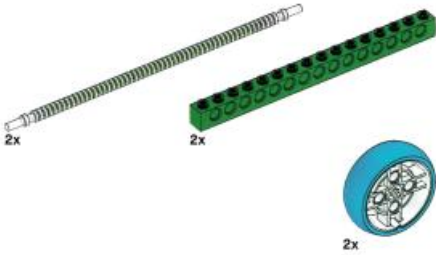

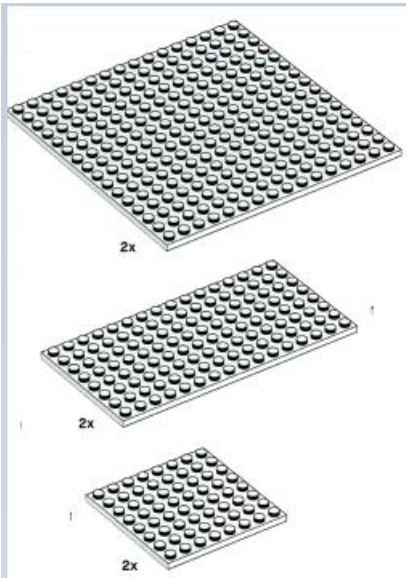

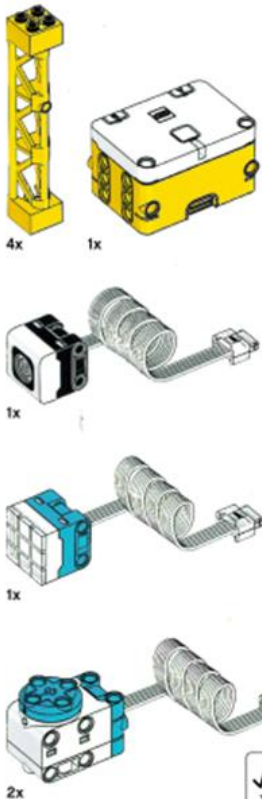

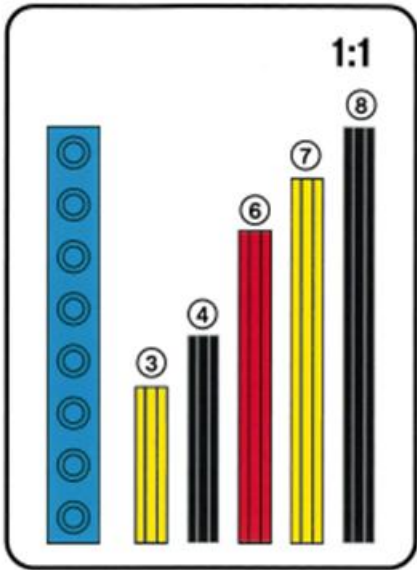

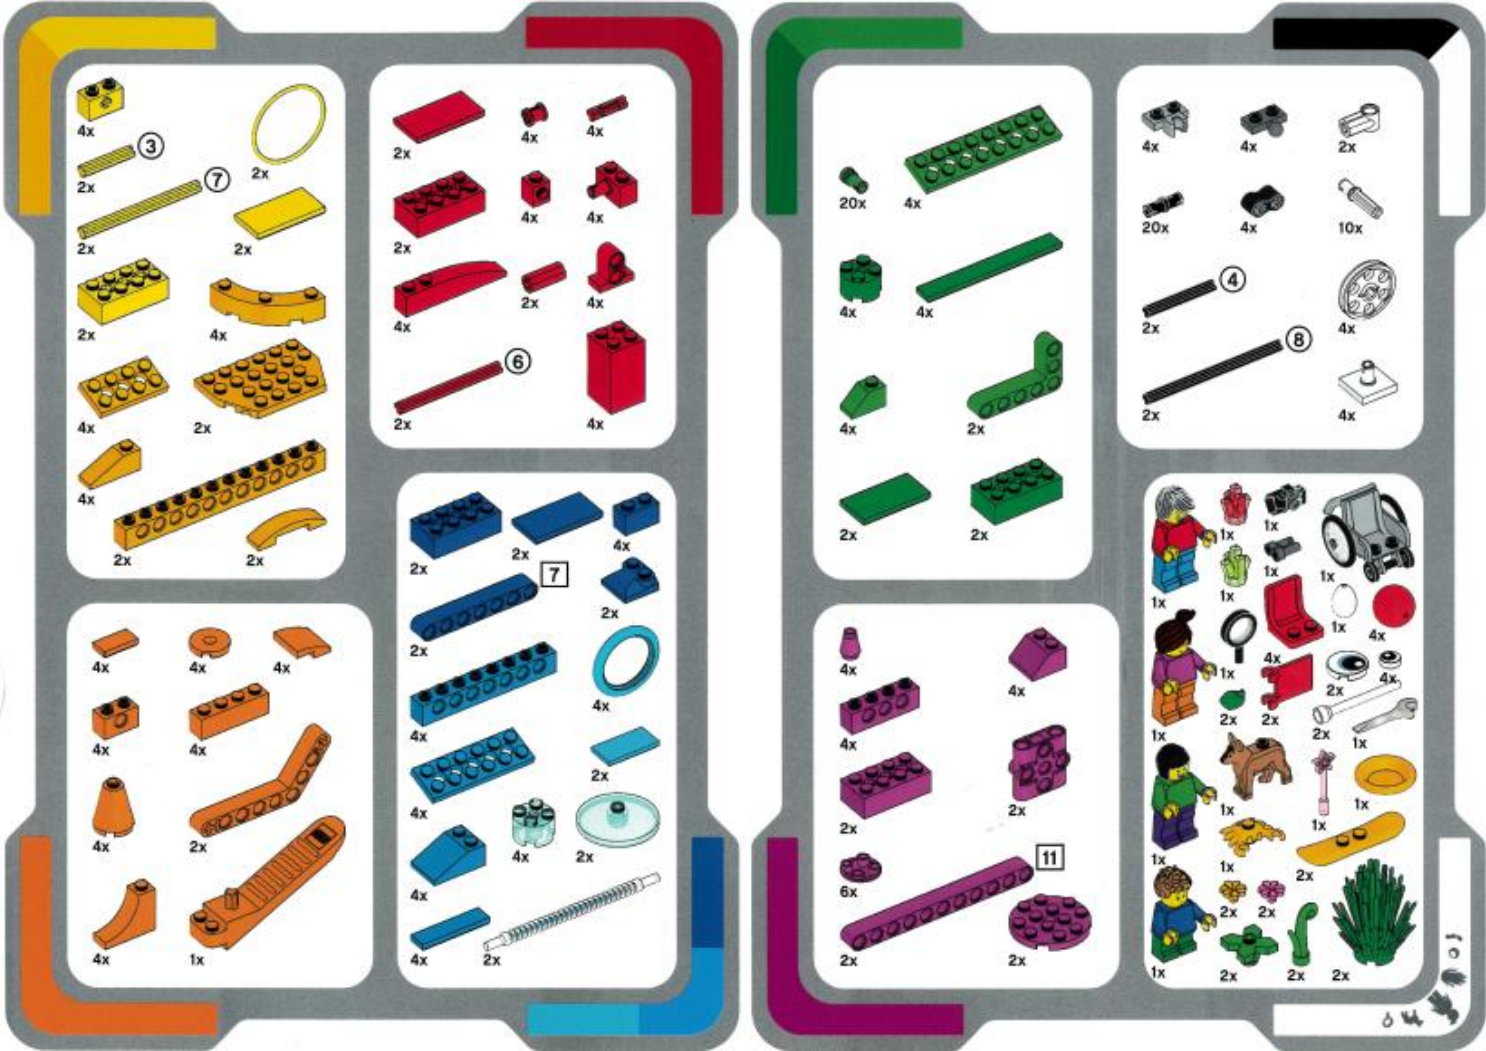

We strongly suggest that the pieces in the trays be kept in and returned to the trays!! If you discover pieces missing, check with Library Staff. We have a stash of spare parts.

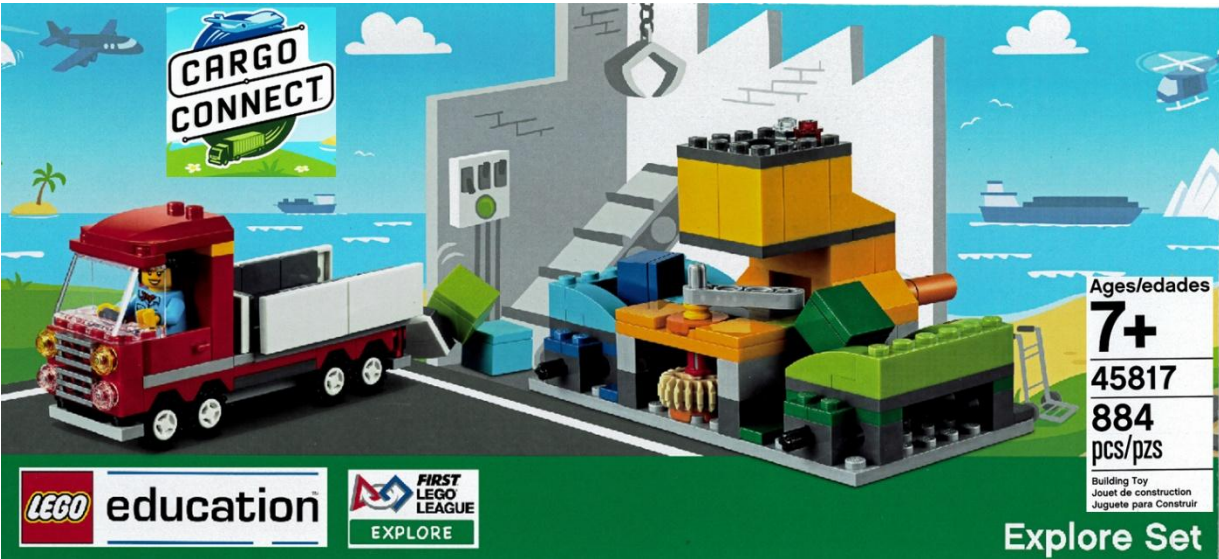

SPIKE Essentials Set includes:

(no spare parts, we're hoarding them
& you'll have to ask for them, sorry)

All pieces & components pictured
here, a USB cord, a color-coded
piece inventory, as seen below,
instructions and safety warnings for
using the electronic components, &
a Name Card (each set is named).

See following pages for CARGO CONNECT contents →

**CARGO
CONNECT**
Set includes:

All pieces & components pictured here, 2 instruction booklets and an activity mat.

Keep going, there's more! →

Additionally, we've included a piece inventory sheet for both the Explore Truck and the Sorting Factory. And we do have spare parts for this kit at the Library.
