For classrooms, libraries, makerspaces, workshops, design studios, holiday camps, community festivals, birthday parties and delightfully ambitious home projects.

Cardboard Construction System

Makedo is a simple to use, open-ended system of tools for creative cardboard construction.

Build imaginative and useful creations from upcycled (repurposed) everyday cardboard.

Makedo comes to life in collaborative creative environments such as classrooms, maker spaces, museums and of course homes.

UPCYCLE • PUCETTE • SUPRA-RECICLAJE

Use the cardboard you have to make what you want.

Un-make it, re-make it, make something new. Do It Yourself.

Buy less stuff and create a better future. Make do.

12 x SAFE-SAW JNR.

flexible plastic blade to saw
cardboard, not fingers

12 x SCRU-DRIVER

connect cardboard as simply
as righty tighty, lefty loosey

12 x MINI-TOOL
