CONSUMABLES –

This bin may include stickers. Please use them, but return unused stickers.

This bin may include die-cut bones. Please use them, but return what you don't use.

Feed the Puppy Alphabet Game - help your child learn the alphabet.

Is your child just learning the names of the letters? Spread out the cards and say the name of a letter. Have your child select the letter card and feed it to the puppy!

Is your child learning the sounds the letters make? Show them a card and have them say the sound the letter makes.

Is your child ready for a new challenge? Use both sets of letter cards and your child can match UPPERCASE and lowercase letters. And of course, don't forget to feed the matching sets to the puppy!

Older children can be encouraged to use the letter cards to spell their names or short words.

Keep playing until your child gets tired or the puppy gets full ... whichever comes first!
